

Product Showcase

It only takes a second to lose track of an Alzheimer's patient. Without consistent monitoring, Alzheimer's patients can often wander away, yet there is no easy and affordable method for monitoring them, until now.

- Constant coverage 24 hours a day.
- Alerts the caregiver when a patient leaves a predefined area.
- Provides peace of mind.
- Delivers an effective and affordable solution.
- No monthly fees!
- No additional services required!

Comfort Zone — Warm Up to a New Degree of Resident Care

The Comfort Zone Blanket-Towel Warming System is a compact portable system designed to provide warmth and comfort. Nursing homes and assisted living facilities use Comfort Zone to provide residents with warm towels at bath time and warm blankets at bedtime. Other uses include physical therapy, sensory rooms, transporting, and to soothe patients during behavioral issues.

Features:

- Cost-effective - \$650
- Maintains a temperature of 120 degrees
- Run from 110-volt power source
- Water resistant
- Works with any cotton or cotton/poly blend
- Warms multiple blankets or towels

I want to keep on living at home.
That's why I got Life Alert® Emergency Protection.

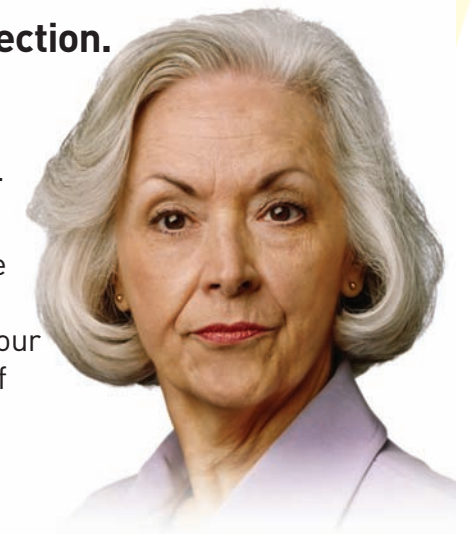

In most emergencies, people cannot reach a phone for help. Concerns like this usually drive people to retirement facilities. Luckily, there is Life Alert®.

In a medical emergency, fire, or an intrusion, one press of Life Alert's® pendant provides instant help 24/7, nationwide, even when you cannot get to a phone. This way you can remain in your own home with protection, independence, dignity and peace of mind for you and your family.

Subscribers to Life Alert® live in their own home an average of 6 years longer than the people of the same age.
